

1 DEAD, 1 HURT AS MOTOR HITS AUTO ON SEAL BEACH ROAD

Death Comes to Westminster
Man as Result of Fear-
ful Accident

COMPANION MAY HAVE TO GO UNDER KNIFE

Over-Sunday Highway Colli-
sions Exact Heavy Toll
in Orange County

Thrown twenty-five or thirty feet when their motorcycle struck an automobile at Seal Beach last yesterday afternoon, Francisco Mejia of Westminster received injuries which resulted in his death this morning at the Seaside Hospital at Long Beach, and Ignacio Espanosa of Talbert sustained a severe cut in his left leg above the knee which may make amputation necessary. The motorcycleists were riding toward Santa Ana and the automobile was going toward Long Beach. The machine with which the motorcycle collided was driven by H. S. Kennedy of Los Angeles. With Kennedy were his wife and daughter, Anita. The Kennedy's escaped injury. Mrs. Kennedy is the daughter of F. P. Nickey of this city. The family had been here visiting relatives and was driving back to Long Beach when the accident happened.

Charles H. Chapman and family and Al Chapman and family of this city were following the motorcycleists and were within fifty yards of the machines when they collided.

Thought They Were Pursued
The motorcycleists were under the impression that they were being pursued by a motor cop, and after crossing the P. E. tracks at Seal Beach the driver speeded up to get away from the officer. He was driving at such terrific speed that he had to make a big sweep to the left of the road to make the turn, and could not get back to the right of the road to avoid striking the Kennedy machine, which was on the turn. The motorcycle struck the left fender of the auto and glanced off. The motorcycle and two men were thrown into the air and struck the pavement fully thirty feet beyond the point of collision.

The Chapman's hurried to the assistance of the men. Both were unconscious. Mr. and Mrs. Kennedy also rendered assistance. Authorities of Seal Beach took charge of the men and rushed them to the hospital.

Narrow Escape
Anita Kennedy was sitting on the floor of the Kennedy roadster, with the door open and her feet resting on the running board. The left front fender and the running board were torn away by the motorcycle, but fortunately the young woman escaped without even a scratch.

According to Mr. Chapman the motorcycleists were entirely to blame for the accident. Kennedy drove clear off the boulevard in an attempt to prevent the machines coming together. His machine was put out of commission, and he and his family had to proceed home by car.

Carried Life Insurance
Mejia had only a few weeks ago purchased the motorcycle from a man who bought it from Aunlauf Motorcycle Shop at Anaheim three months ago. The machine was being paid for on the installment plan and Aunlauf today went to Seal Beach and took charge of it.

Mejia was about 25 years of age and was employed by W. Dean Johnson of Westminster. He was a young man of good habits and was well thought of by those who knew him at Westminster. So far as could be learned he had no relatives living there. He held a policy in the Great Republic Life Insurance Company, but the amount and the beneficiary could not be learned here.

For Los Angeles Coroner
Coroner Winbiger was notified of the accident by Kennedy after he reached Long Beach. As Mejia died in Los Angeles county an inquest, if one is held, will be by the coroner of that county.

Hitting Sand, Auto
Turns Over; None Hurt

FULLERTON, July 17.—Thrown from their car when it struck a rough patch in the road and turned turtle, M. L. McPhatrick, an agent for a Los Angeles newspaper, and Homer Redfern, his companion, both of La Habra, were severely bruised and shaken up. Both escaped serious injury. The accident happened on the highway west of this city.

Two Are Injured
in Turtling of Auto

SWAL BEACH, July 17.—Anaheim road, back of Seal Beach, was the scene of another accident when an automobile owned and driven by James L. Henry of Huntington Beach and occupied by John F. Jenkins and Mrs. Nellie Myers, turned turtle into a ditch. Jenkins suffered a broken leg and body bruises and Mrs. Myers sustained

Villa Dead, Mexico Trouble Past, U. S. War Officials Say

Carranza Hold Stronger Than
Ever; Troops to Quit in
Month, Is Declared

WASHINGTON, July 17.—Villa is dead. Pershing's troops will be out of Mexico within a month. The National Guard will be back home within three months.

These statements were made today by a high War Department official.

Villa's name is being used by minority leaders to inspire fear among the Carranzistas, the official declared. The latter said that Carranza is stronger in Mexico than he ever has been.

Army men in touch with the border say there is not a chance in a thousand of further trouble with Mexico.

Since the Carrizal affair has been cleared and the last Mexican note sent, army officials have taken the view that the Mexico trouble is over.

"We expect that Pershing will be out of Mexico in a month or so," said the War Department official. "In three months the Guard will probably be back home."

Mystery
EL PASO, July 17.—The whereabouts of the Villista column, declared to be headed toward the Big Bend country, today was a mystery. It is believed that General Funston's preparedness has caused the bandits to change their plans.

EAGLE PASS, July 17.—Carranzistas at Piedras Negras and Monclova are moved south to oppose a large body of Villistas moving toward the border.

ed a wrenched back and dislocated knee cap. The owner and driver escaped with minor scratches. Both the injured were removed to a hospital near Santa Ana by a passing auto.

The accident is said to have been caused when an approaching machine shot around a long curve at high speed and forced Henry's car off the boulevard and into the ditch. Almost the identical spot has been the scene of three serious accidents within a short time.

\$35,000,000 PUBLIC
BUILDINGS BILL IS
BEFORE THE HOUSE

WASHINGTON, July 17.—The public buildings bill, with appropriations of \$35,000,000, today was introduced in the House. Among the cities asking buildings are Long Beach, \$200,000; Modesto, \$65,000; San Bernardino, \$70,000, and Redlands, \$30,000.

100,000 TONS OF FOE
SHIPPING DESTROYED
IN JUNE BY TEUTONS

BERLIN, July 17.—Thirty-one enemy ships of a total tonnage of 100,000 were sunk in June by Austro-German mines and submarines, it was officially announced today.

'DUDES' TRYING TO
'DITCH' AT WAR CAMP
TOSSED ON BLANKET

MONTEREY, July 17.—Warfare problems today were tackled with renewed vigor at the citizen soldiers' camp, following a day of rest. That the camp is a "service" and not a "dress parade" affair was fully demonstrated by a number of young buds who changed to white flannel and repaired to Del Monte. A crowd of men in uniform charged the noisily, capturing the offenders and giving them an army roughhouse with "blanket tossing."

WIRELESS UNDERSEAS
TELEPHONE ANNOUNCED
BY BARRINGTON COX

SAN FRANCISCO, July 17.—Announcement of a wireless submarine telephone today was made by Dr. H. Barrington Cox, one of the most prominent electrical inventors of the country. Simultaneously Dr. Cox declared that he had discovered that electrical energy can be transmitted over a single conductor.

RESCUERS FEARED TO
HAVE PERISHED WHILE
TRYING TO SAVE 20

CHARLOTTE, N. C., July 17.—Grave fears are felt today that a rescue party, attempting to save twenty men engulfed in the Katowab river when a Southern Railway trestle went down near here last night, has been lost.

MIND DERANGED, ARMY
OFFICER SLAYS SELF

SAN ANTONIO, Tex., July 17.—Captain Christian Briand, of the Twelfth Cavalry, committed suicide at Hachita, N. M., shooting himself in the head. The report to departmental headquarters indicated that the officer was mentally deranged.

DEUTSCHLAND TO SLIP OUT FOR RETURN DASH TOMORROW

Diver Crew Member Author-
ity for "Tip" as to When
Craft Will Sail

BALTIMORE, July 17.—The German supersubmarine Deutschland plans to slip away on its return trip to Germany tomorrow night, according to a member of the crew today.

Loading will be finished tomorrow at the present rate.

The fear of spies today seemed stronger on the part of the crew and managers of the Deutschland.

The vigilance maintained during the past week was increased today. Even the police are barred from the undersea liner's pier.

Special watchmen are heading off messengers and mail carriers. All night a powerful searchlight on the tug Timmons was played nervously on the water in efforts to "pick up" suspicious launches. The light also searched the shore for unwelcome visitors.

The Deutschland has been dressed up in a coat of fresh green paint and has been decorated with traces of white at bow and stern, to resemble ocean waves.

Washington announced that Capt. Paul Koenig would go to New York to see Ambassador Bernstorff and bring back a package of diplomatic mail, but Manager Hilker said:

"The captain will stay right here."

Captain Hinsch, manager of transportation for the Eastern Forwarding Company, the Deutschland's agents, said emphatically that there would be no Americans aboard on the return trip.

"They would not protect her," said Capt. Hinsch.

5 DIE, HUNDREDS
MISSING IN BIG
SOUTH FLOODS

LOS ANGELES (via Washington), July 17.—The Southern Railroad has practically suspended traffic in North and South Carolina. Depots and buildings are flooded to a depth of six feet.

A hurricane of wind and rain off the coast Thursday swelled the rivers to overflowing. There are five dead and hundreds missing. Property loss is estimated at ten millions.

WILSON DEFEAT MIGHT
PROLONG WAR, ASSERTS
NOTED BERLIN EDITOR

BERLIN, July 17.—The coming presidential election in the United States may have an important effect on peace in Europe, Theodore Wolff, editor of the Tageblatt today declared. The defeat of Wilson might result in prolonging the war, he said.

Wolff, with two other leading German editors, discussed the possibility of peace following the allied offensive. "It is possible but by no means certain," Wolff said.

"The allies, for instance, can increase public enthusiasm for the continuance of the war by mentioning the possibility that Hughes will defeat Wilson. They can argue that this will aid the cause of Roosevelt and strengthen the position of the allies in America."

PSYCHOPATHIC CLINIC
FOR SING SING, PLAN

NEW YORK, July 17.—A complete psychopathic clinic, the first of its kind in the United States, will be one of the innovations which Thomas Mott Osborne will introduce in Sing Sing prison following his reinstatement as warden there, he announces. All prisoners will undergo a thorough mental examination and the feeble minded and mentally deficient would be separated from the normal group.

The Rockefeller foundation contributed the funds for the clinic.

MID-WEST HEAT WAVE

NO RELIEF PROMISED

CHICAGO, July 17.—No relief from the Middle West's heat wave is in sight for thirty-six hours, the Weather Bureau today announced. There were three deaths in the past twenty-four hours in Chicago.

RUSS IN CHAMPAGNE
REPULSE TEUTONS

PARIS, July 17.—Russians successfully counter-attacked along the Champagne front during the night, inflicting heavy German losses, it was officially announced today. The French continued to make progress west of Fleury on the Verdun front.

ENTHUSIASM FOR CHAUTAUQUA IS MOUNTING TO HIGH PITCH

Excellence of Offerings So
Far Given Stirs City to
Appreciation

Enthusiasm for the Recpath-Horner Chautauqua, which this afternoon went into its third day of excellent and inspirational entertainment at the big tent located at the corner of Third and Bush streets, is mounting to a high pitch.

The city has been stirred to appreciation as a result of the excellence of the programs given by the Chautauqua management.

Words of commendation and praise are being heard on every hand. The musical features, the lectures and, in fact, all departments of the program are such as to arouse the unequivocal applause of the most critical.

Indicative of the interest that is being taken is the fact that at every performance so far the Chautauqua tent has been crowded and upon one or two occasions the attendance was such as to make necessary the bringing in of more seating facilities.

This afternoon's program is being devoted to an attractive novelty by Bellino, and a big spectacular lecture-entertainment by Julius Caesar Naphe. Bellino is a wonderful performer on the accordion. He is almost a whole band by himself. The instrument he plays cost \$500, has 161 keys and is equipped with a loud and soft pedal. His musical renditions are nothing short of remarkable. The story which Naphe will tell is as beautiful as a poem and it has won him unreserved applause everywhere.

This evening's program will be devoted to Bellino and to Noah Beilharz. The latter is a first-class entertainer, an impersonator and story-teller. He achieves his effects not merely through the mediums of pain and wig, but puts his whole soul into his work. His offerings are replete with human interest, humor and sincerity.

If Sunday Night Was a Fair
Sample, Don't Miss the
Chautauqua

BY J. P. BAUMGARTNER
If all of the Chautauqua programs are to be as delightful as that of last evening—and there is every reason to believe they will—I cannot too strongly urge the people of Santa Ana and vicinity to attend as often as possible.

I have seen and heard a great deal on the platform and stage—but it so happens that last night I attended Chautauqua for the first time—and I do not exaggerate when I say that I have never before been more delightfully entertained at any price than I was last evening for about 17c, the pro rata cost of admission on a season ticket.

I am not attempting any comprehensive report of review, but just trying to say something that will make people understand what a rich feast for the mind, the heart, the soul is set before them—what they will miss if they do not attend Chautauqua.

The Schubert artists, whose names I do not recall, were real artists. Personally I liked the violinist best, but that is not to say he was superior in artistry to the flutist or the pianist.

The singing of Signor Mario and Madame Trevette was such as to delight the heart of the most uncultivated musically as well as to satisfy the demands of the most highly developed artistic taste and temperament. They had the good judgment to sing only old favorites, such as "Home to Your Mountains," from Il Trovatore, a duet; "Coming Through the Rye," solo by Madame Trevette; the Miserere from Il Trovatore, a duet; and Signor Mario's solo, a selection from Martha.

Signor Mario is an Italian and Madame Trevette is a French woman. They are married to each other. Both are consummate artists and have fine concert voices. I think—no, it would be ungracious to even think that Signor Mario is the better entertainer of the two. And I am sure if I should say so the majority of those who heard them would not agree with me.

The lecture or address of Hon. J. Adam Bede of Minnesota was a wonderful performance, accomplished achievement. I think I have never heard so much real wit, humor, philosophy, logic, statesmanship, imagery and poetry, packed into one address. And it wasn't a hodge-podge, either; it was in a literary sense, symmetrically built up, cathedraic in its literary architecture.

Yes, Chautauqua is worth while. By all means attend Chautauqua as often as you possibly can.

GOV. JOHNSON ON REGISTRATION A "Loaded" Primary—A Peculiar Situation

In his speech at Blanchard Hall, Los Angeles, Saturday afternoon, Governor Johnson invited the serious attention of all voters of Progressive tendencies to a peculiar phase of the Republican situation, as follows:

"I want to call to your attention something of that which we face today in the peculiar political situation in our state. We are going up against a loaded primary. We are going up against a peculiar contest, wherein, if it were not you and if it were not those of us who have struggled in the past, we might think the obstacles insuperable, but in the past six years in the state of California, for you men and you women, for those of us who have been your representatives, there has been no such thing as an insuperable obstacle—we have gone straight forward in the only path that was ours, never compromising, beating down every opposition that was in our path. (Applause.)

"And just in that spirit we are going forward in the state of California to the loaded primary, or not, as the case may be.

"I have observed in the press of late that certain candidates for United States senator desire but one thing, and that is to defeat this troublesome individual (laughter), and I want to say to these gentlemen I welcome you all in this contest.

Forget Common People
"These gentlemen who are thus manipulating, connubiating, negotiating and generally dealing with one another in the hope that they may accomplish a certain political result, forget the one thing I have never forgotten in these past six years.

"They forget the common people of the state of California, who care not for politicians, nor for political combinations regarding candidacies, and so long as you and I do not forget this great mass of our humanity that constitutes our common people, so long will it be true to our state and true to ourselves and true to the faith that is ours in government.

"That has been your attitude and mine in these six years. That will be, I am sure, your attitude—I know mine—in the days to come.

"Now, it must be obvious to you, and this I call to your attention at the beginning of the little I say to you today, that your registration presents a singular condition, and perhaps a peculiar sort of obstacle that we must in some fashion eliminate and overcome.

Citizens That Choose
"In the state of California today there are over 300,000 registered electors, men and women, who have not stated their political affiliations, and who are disfranchised for the ensuing primary so far as candidacies by party are concerned.

"In your county the figures show 94,000 who are registered without designation of party. THEY CONSTITUTE IN YOUR COUNTY AND IN THIS STATE THE VERY BEST CITIZENSHIP WE

THE LOCAL SITUATION
The situation in Orange County is about the same as Governor Johnson has stated the situation of Los Angeles County. On May 11th, at the request of County Clerk Williams, an opinion was filed by Deputy District Attorney Eden which held that all voters desiring to change their registrations with respect to party affiliation must do so in person "at the county clerk's office." That is the way the law reads, but it seems to be susceptible of the interpretation that the "county clerk's office" is wherever the county clerk authorizes a deputy to act for him.

County Clerk Williams and District Attorney West concur in the opinion, and have given the Register the statement that it should be made as convenient and inexpensive as possible for voters to change their registrations if they wish to do so; and they are today endeavoring to provide for such changes through deputies acting anywhere in the county.

ed the bill. Those present included the House and Senate members who handled the bill.

"On an occasion of this sort there are so many things to say that one would despair saying them briefly, but I cannot go through this simple ceremony of signing without expressing the feeling I have," the President said.

He based this assertion on the fact that the government long since has recognized the eight-hour day.

HAVE. (Applause.) THEY CONSTITUTE THE CITIZENSHIP THAT DESIRES TO CHOOSE AND TO SELECT AND JUDICALLY TO DETERMINE AND FINALLY TO REGISTER PATRIOTICALLY THEIR DECISION.

"This particular citizenship, by virtue of its registration in the manner I indicate, cannot participate in the August primary and so, you see, we go up against a singular condition wherein the citizenship that is registered is the partisan citizenship that cares more, in some instances, for party than for patriotism, while that that cares alone for patriotism, by reason of its registration, is debarred from participation in the primary.

Should Change Registrations
"If, therefore, you believe that the duty of citizenship begins with the primary; if you desire to participate and have those who are thus registered participate in the primary, it will be absolutely essential in the very brief time that remains for every one of you to do the work and carry forward the work by changing the registration of those individuals and only those, those individuals and only those, of course, who desire to register within particular parties in order that they may participate in the primaries.

"In many of the northern counties your county clerks and your registrars of voters, acting upon the theory that these people should not be disfranchised, are sending forth their deputies to them that they may change if they so desire. I am told that your registrar will do nothing of the sort.

"That may be his right and, being his legal right, I will not assume even to question his moral attitude and, therefore, if you desire that there shall be a free and a full expression in your primaries you must do the work of changing the registration of those who wish to affiliate with the particular parties in the ensuing primary election.

Urges Volunteers for Service
"I put upon you, therefore, if this is your wish, that you shall volunteer for that service and within your particular precincts and with your particular neighbors shall see that those neighbors register within the parties that they desire hereafter to affiliate with.

"I make this plain because it will be obvious to you that our difficulties within these parties are manifold, WHERE THE REGISTRATION OF THE BEST CITIZENSHIP IS WITHOUT THE PARTIES WHOLLY; in this, you understand, the remedy must be with you as independent individual citizens of your community, and you, because of your registrar's particular attitude, must perform that work.

262,000 IS DEATH TOLL IN RANKS OF RUSS DURING DRIVE

BERLIN, July 17.—Russian losses in killed alone in the present offensive until July 1, total 262,000, according to a semi-official news estimate made today.

KAISER VISITS TROOPS
LONDON, July 17.—The Kaiser was at the Somme front and saw the Germans retreat before the British rush of artillery blows Saturday, it was learned today. The Kaiser is visiting the troops to inspire them to make a more stubborn resistance.

The Berlin official statement today said that the Kaiser, accompanied by his staff, visited a hospital and conferred several iron crosses.

BERLIN, July 17.—German troops opposing the Russian advance in Volhynia have been withdrawn behind the River Lipa, sixty miles northwest of Lemberg, it was officially admitted today.

PETROGRAD, July 17.—The Russians captured about 13,000 prisoners in Sunday's fighting in Volhynia, it was officially announced today. Thirty cannon, a great number of machine guns and general war material were captured.

MORE BRITISH GAINS ARE

BERLIN, July 17.—British troops have penetrated Ovillers Wood, in the resumption of the great allied offensive, the official statement today says. South of the Somme there was lively fighting between the French and Germans. There is considerable artillery activity on the whole Somme front.

GERMANS POUR THOUSANDS
TO KOVEL DEFENSE

PETROGRAD, July 17.—Profoundly impressed by the steady Russian advance, which seesaws first to this point and then to that, the Germans are massing enormous forces before Kovel, bringing up every available reserve in the hope of staving off the Russian machine.

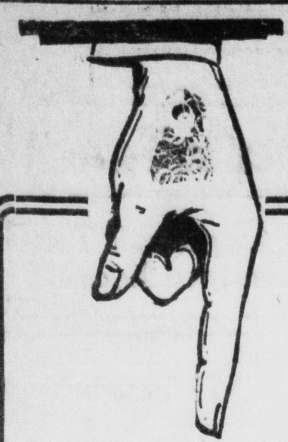

The present calm is deemed to be a mere prelude to the resumption of heavy fighting.

The fall of Kovel would be a staggering blow to the Central Empires. The Russians apparently do not lack ammunition; phrases printed on cartridges read:

"Do not spare bullets. Do not spare courage. There is plenty for all."

Fight Like Game Cocks
Cassocks from the Don Urals and fresh young giants from Siberia and elsewhere are fighting like gamecocks, striving to outdo each other in dare devil charges. Their quarrel with the Germans is now a personal one, owing to the Germans' use of liquid fire and gas. Consequently fewer German prisoners are being taken in proportion to the number of dead left on the field.

Russian officers appear to be satisfied not only with the situation on the Russian front but also with the spirit of the troops which they declare has never before been brighter.

KETTNER HOLDS A POST OFFICE FOR HIMSELF

That Is Accusation Made Against Him by San Diego Democratic Chairman

Burch Says Party Leaders Were Not Taken in on the Wining and Dining

Some of Congressman William Kettner's former backers are going after him hammer and tongs down at San Diego.

They say he won't appoint as postmaster H. J. Roy, the man that the Democratic County Central Committee of San Diego county wants. They say the reason is that Kettner is holding the job for himself, and that he will take it if he is defeated for re-election.

Another cause for bitter feeling seems to be based upon the allegation that the congressman in making out the guest lists for the wining and dining of distinguished easterners overlooked a lot of San Diego Democrats.

It is further declared that he has been playing strongly to the "interests" at San Diego.

Altogether the Democracy in San Diego is having more trouble than one could shake a stick at.

Want to Fire Burch

They are talking of firing Charles R. Burch from the position of chairman of the central committee. His terrible offense seems to be that he had the reckless fortitude to stand up and say he did not like Kettner. That is quite a grievous social error in itself in some circles down at San Diego.

On top of that comes Charles C. Crouch, who not only is crutching but is also campaigning on Kettner's trail. He has the unspeakable audacity to run against Kettner for the Democratic nomination. Indeed, he has announced his candidacy.

Burch's Statement

But Burch did it. He spoke right up in the meeting.

Burch's statement as chairman of the central committee declares that Kettner had disregarded the recommendations of the committee for appointments, particularly that of San Diego postmaster because he wanted it for himself. Burch, speaking of his visit to Washington to confer with Kettner on the postmastership, says: "After Mr. Kettner had definitely announced his candidacy for re-election he was asked if he would not recommend the endorsee of the central committee for the postoffice in San Diego, to which he replied in substance: 'I have been holding that position for myself.' The chairman then said to him: 'But, Mr. Kettner, you have announced your candidacy for re-election, to which he replied, 'But I might be defeated.' He was then asked: 'Conceding that you are re-elected, will you then recommend the endorsee of the central committee? Is it not possible for this assurance to be carried back to the central committee and Mr. Roy's friends?' To which he replied: 'No, I prefer to make no promises

whatever with reference to the San Diego postoffice.' He was then asked if there were any objections to the endorsee of the central committee. To which he replied: 'Absolutely none; Mr. Roy has thousands of endorsements on file in the postoffice department.' "Shortly thereafter information was received by the committee from a creditable source that Mr. John D. Spreckels, the owner of the San Diego Union and Evening Tribune, standpat Republican organs, had requested of Mr. Kettner the appointment as postmaster of one L. R. Barrow, foreman of the composing room of the Union, and one of Mr. Spreckels' employees, and that Mr. Kettner had promised to comply with Mr.

A REMARKABLE STATEMENT

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital." Mrs. E. SHELDON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, but with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

BEET BONUS TO BE PAID AFTER EACH MONTH DURING RUN

\$250,000 Extra Will Be Disbursed to Growers in County This Year

That there is "nothing new" in the announcement, received in this city in news dispatches from China, to the effect that the American Beet Sugar Company has decided to anticipate the price of sugar during the coming year and will pay a bonus of 50 cents per ton to growers for beets as delivery is made the factor, instead of distributing the bonus money next July, as is stipulated in the contracts, was the statement made today by A. J. Crookshank, one of the directors of the Santa Ana, formerly the Co-Operative Sugar Company.

Crookshank stated that the 50-cent bonus was allowed by all factories in Southern California last year, and the local factories agreed about two weeks ago to do the same this season, deciding, also, to distribute the bonus money at the end of each month throughout the season instead of, as last year, paying it all out in bulk at the end of the sugar campaign.

"At the meeting where this was decided," Crookshank states, "the American Beet Sugar Company did not enter into this agreement, waiting until the other day to make its announcement, which was done merely as an advertising method."

Crookshank says that approximately \$400,000 in bonus money will be

LAI IN HIS GRAVE BY MEMBERS OF THE LODGE OF HIS LOVE

This afternoon the impressive funeral services for Charles S. Shaw were held at the chapel of Mills & Winbiger. Rev. P. F. Schrock, pastor of the First Congregational church, in which Mr. Shaw was active, had charge of the services. He was assisted by Rev. Paul E. Wright, a close friend of Mr. Shaw. A wealth of floral offerings bespoke the popularity of Mr. Shaw in Santa Ana. Mr. Maurice Phillips, with Allan Revell accompanying, sang.

At the grave the services were in charge of the Odd Fellows, an order in which Mr. Shaw took great interest and which he loved with all his heart. The pallbearers were from the Santa Ana lodge.

Mr. Shaw was born in Jersey City, N. J., May 31, 1860. The greater part of his life was spent in Providence, R. I. He lived a few years in Chicago and six years in Detroit, from which place he moved to Santa Ana four years ago last April. He leaves a devoted wife, Mary E. Shaw, three daughters, Mrs. Constance Barkhurst of Portland, Ore., Mrs. Vira McNeill of Napa, and Mrs. Gladys Finkle of El Monte; two sons, Louis B. Shaw of Portland, Ore., George A. Shaw of Providence, R. I.; four brothers in Providence and Boston, George, Arthur, William and Brandon Shaw; one sister, in Providence, R. I., Mrs. Bernice Bartlett; and four grandchildren.

Application blanks and further information regarding the above examinations may be secured from the State Civil Service Commission, Forum Building, Sacramento. Completed applications must be filed with the commission at least seven days prior to the dates of the respective examinations.

BULLET THROUGH HAT
Mrs. Reginald Brinsmead, formerly of Santa Ana and now of Riverside, has made complaint at the Riverside mayor's office that reckless hunters in the vicinity of her place in the valley are making it dangerous to walk through the orange groves. Her pet cat was a victim a few days ago, and Mr. Brinsmead escaped serious injury by the narrow margin of having a hole put through his hat by a stray bullet.

A PROHIBITION CANDIDATE TO BE NOMINATED

Mrs. Lizzie H. Mills Is to Run
for the Assembly as a
Party Nominee

No Indorsement Given to
Thomas Crawford, Who
Appeared at Meeting

Three county central committees met under the same roof Saturday afternoon.

Harmony reigned in three rooms of the city hall. It very nearly spilled over in one of them, but it finally ended without a sign of a splash.

The Republicans met in the Chamber of Commerce rooms. The Democrats preempted the council chambers through formal application to the city clerk. Though less in numbers present, the Democrats had the biggest room.

The Prohibitionists had their meeting in the rest room. Possibly the selection was indeed wise, for before the meeting closed the sofas and easy chairs of the rest room must have added comfort to the occasion. It was a lengthy meeting. It started in at 2 o'clock or thereabouts and ended just before 6 o'clock.

Have a Candidate
The Prohibitionists had a discussion as to whether or not they should have a candidate of their own for assemblyman. They decided in the affirmative, and they selected Mrs. Lizzie Mills, one of the best known women of the county, a pioneer temperance worker in this section, as their candidate.

A strong effort was made to get the Prohibitionists to indorse the candidacy of Thomas Crawford of Anaheim. Crawford appeared before the meeting, which was presided over by the county chairman, C. E. Utt of Tustin. Crawford was accompanied by two friends, who stated that they had brought Crawford to the meeting and that they would like to see him indorsed by the Prohibition party.

Crawford was asked to express his views upon prohibition. First, however, he said that he had not been seeking the assemblyship, but that friends had seen fit to select him to make the race, and that he would make the race.

Crawford told the Prohibition party representatives that he was registered as a Republican, and intended to support Hughes for president. He said he believed in prohibition, national, state and in lesser subdivisions.

He was asked if he would change his registration to Prohibition. He said he would not.

Discuss Question
Some of the members of the central committee favored giving Crawford an indorsement. Others favored making no indorsement at all. Many of those present, however, declared that as a party the Prohibitionists should have their own candidate, that the office was one that is designated by law as a party office, and it was to the interest of the party to have a candidate, one that the Prohibition party as a party could support.

The argument in favor of a party candidate finally prevailed, and Mrs. Mills was selected as that candidate. The committee took steps to circulate nomination petitions for members of the central committee.

Republicans Meet
The Republicans and Democrats soon finished their work. The Republicans elected Walter Eden of Santa Ana chairman of the central committee to succeed J. W. Duckworth of

Anaheim, resigned, passed a resolution asking Judge Walter Bordwell to withdraw from the race for United States senator, passed another resolution indorsing the candidacy of Willis H. Booth of Los Angeles for U. S. senator, and adjourned.

The members present were M. R. Heninger, R. Y. Williams, Dr. Cushman and S. M. Reinhaus, Santa Ana; George Prather, Tustin; R. E. Larter, Wintersburg; John Mitchell, Garden Grove; J. S. Howard, Anaheim; Robert McKee, East Anaheim; R. E. Davies, Fullerton; Dr. D. W. Hassop, Buena Park.

Democratic Committee
H. C. Head and B. E. Tarver, chairman and secretary, conducted the meeting of the Democratic County Central Committee. No steps were taken toward getting out candidates for State senator or assemblyman. The principal business of the meeting was the signing of the nomination papers of George S. Patton for United States senator, and the selection of candidates for members of the county central committee to be placed on the August primaries ballot.

It was decided to run all of the present committeemen so far as possible. Under the law regulating the number of central committeemen, the first and third districts lost one each. In the following list as prepared one additional name is to be supplied in the Third District, D. C. Fixley not being here to sign the necessary papers for nomination:

First Supervisorial District—H. C. Head, C. H. Cochran, B. E. Tarver, Walter Greenleaf, E. F. Waite, Paul E. Wright, George A. Edgar, all of Santa Ana.

Second District—W. H. Bentley, Westminster; E. E. French, Huntington Beach; George Rayburn, Garden Grove.

Third District—J. H. Cook, Anaheim; W. T. Brown, Fullerton; L. P. Drake, Fullerton; S. W. McCulloch, Fullerton; G. B. Miller, Anaheim; J. J. Schneider, Anaheim.

Fourth District—A. C. Fletcher, Olive; A. J. Smiley, Orange.

Fifth District—J. S. Rice, Tustin; William Wilson, Irvine.

DISCUSSES SIN AS DESTROYER

Rev. Paul E. Wright Is the
Speaker at Union Services
Held Last Night

"He That Sinneth Against Me Wrongeth His Own Soul," was the subject taken by Rev. Paul E. Wright, pastor of the First Christian church, for his subject last night at the union service of the Santa Ana churches at the corner of Broadway and Sixth streets. Rev. Wright's sermon in brief follows:

"He That Sinneth Against Me Wrongeth His Own Soul." These words are given to us as the words of wisdom. Just at what time in the life of Solomon they were uttered we can not determine, but it would seem probable that they came in the latter period of his life.

He was certainly qualified to testify as to the effects of sin. He had drunk at every fountain of pleasure of the world. His wealth and wisdom enabled him to go the absolute limit of all that the world has to offer in its way of happiness.

We are to notice that sin hurts. There is no truth more certain of fulfillment than "be sure you sin will find you out." The law may never call you to account. The public may never know your guilt, but you cannot escape the wrong you do yourself in a plan of iniquity. We may hold various views of sin, whether it is real or unreal, but in the practice of sin there is always the same result, and the only way of judging life is by the result it brings.

Man Hurt by Sin
We will have to find out something about the soul of man before we can find out where he is hurt by sin. Here also we will have to rely on the effects of certain things in man for our definitions. We see that man can reason. That there is something in him that can measure the distance to the stars. Calculate the time of the next eclipse, tunnel a mountain and bridge a sea. When these high and great powers are used to bring about low ends we can see at once that the reason of man has been prostituted. We sin because we deliberately plan to do so. We sin on purpose. The mind of man quits the walks of God and dwells in the swamps. He that sinneth has wronged his own mind.

He that sinneth against God wrongs his will. There is that in man that puts his purposes through, that makes his life a success or failure.

The propeller of life is the will. It is the emergency brake as well. What does sin do to the will? Look at the drunkard trying to reform. Watch the gambler who is held by the fascination of chance. Ask any one who is quitting a sinful life and he can tell you that sin all but destroys the human will.

Sin pollutes the affections. The noblest attribute of the human soul is its power to love. How quickly love degenerates into lust under the power of sin. The word lovely should never be applied to anything but of the highest. It can never properly be used to apply to any animal, party, entertainment, or friend. It has its rightful meaning when applied to Jesus, as being lovely beyond ten thousand.

Sin a Destroyer
Sin destroys the conscience. God placed a white robed angel in the human soul to cheer us when we do well and to weep over us when we do wrong. Once in a while we have stumbled upon that person whose conscience is seared as with a hot iron, whose tender nature has become a white and bloodless scab.

We can enlarge the scope of what sin does in the world and at a glance see that sin wrongs society, friends and family, but the great damage is done to the man himself.

Society will pay you back by casting you out or hanging you as the case demands. Your friends will finally come to the limit of endurance and will no longer help or hold you up. I have even known families to disown the recreant members and turn their

pictures to the wall, but I have never seen the sinner that God would not accept. As deep as we may have been in sin so deep we may be in penitence and so high we may be in spirituality. We can turn with a great deal of comfort to him who says: "Though your sins be as scarlet they shall be as wool, though they be red as crimson they shall be as white as snow. Your sins and transgressions will I blot out and remember them no more against you forever. Come unto me all ye that are heavy laden and I will give you rest. A thousand other sweet and precious promises are vouchsafed to the earnest soul."

IDEAS BEST BUSINESS ASSETS

In the August American Magazine a prominent business man describes the way in which originality and radical ideas won him a salary of \$60,000 and promotion to corporation president after starting as handy boy in a bank. He says:

"From my first job as handy boy about a bank in my home town at a wage of fifteen dollars a month, up to my present position as president of a corporation at sixty thousand dollars a year, there is a trail so clear that today I can almost check off every step in it. For every step is an idea."

"The revelation came to me—when I was still young enough to build on revelations—that ideas are the most valuable possessions in the business world. I have never had occasion to change my mind. Where my associates have saved money I have saved ideas; where they have invested money I have invested ideas. And my rewards have always been greater than my expectations."

"I was business adviser to dozens of large firms. Some of them were swinging more business than their capital permitted, and consequently were riding for a fall. Half a dozen of my customers were trying to do more business than their brain capacity allowed. Some men can run a fifty-thousand-dollar corporation successfully, but will leave only crashes and ashes in their wake when they attempt to direct a two-hundred-thousand-dollar concern, just as some women might run a nice street boarding house, but would fail utterly with a large hotel. I made a serious study of the business problems of every big concern with which I came in contact. I devised means of raising capital, extending credit, and keeping the proper balances between liquid assets, plants, merchandise, and so on."

"After I had spent four strenuous years with this trust company, a Chicago leader of finance invited me to call on him. During those four years I had raised my institution's deposits from \$2,780,000 to \$5,300,000. The number of depositors had grown from 3,324 to over 8,000."

"So I went to call on the multi-millionaire."

"I have never known why a board of bank directors offered me that morning a vice-presidency of a prominent Chicago bank at \$10,000 salary. Why did they single me out? I put this question to a railroad official last night when we were discussing success. His road, he said, employed detectives to travel their line hunting men worthy of promotion. Perhaps the captains of capital have their scouts out scanning the field for promising material. Who knows?"

CATHOLICS TURNING AGAINST LIQUOR

As never before, the Roman Catholic church is becoming actively hostile to the liquor traffic. By voice and pen and vote the leaders are doing valiant service for state and national prohibition. The "Union Signal" (official organ of the National Woman's Christian Temperance Union) recently wrote to a number of prominent Catholics, requesting statements for publication. The replies may be summed up in these words of one of the reverend fathers:

"The man who says that the Catholic church is for the saloon is doing a grave injustice to the religion of fifteen millions of the American people. The man who tells you that the Catholic priesthood and the Catholic bishops of America are allies of the saloon business is guilty of a gross and serious misrepresentation."

The war against Drink—greatest enemy of America and of the world—is non-sectarian, non-sectional, non-partisan, non-hyphenated.

ELECTING A PRESIDENT

Cleveland

Republicans.

CLEVELAND.

GROVER CLEVELAND of New York was the first Democrat elected since 1856. He defeated James G. Blaine of Maine in 1884 by a vote of 4,911,017 to 4,848,334. T. A. Hendricks of Indiana was chosen vice president.

However, in the next election Cleveland was defeated by Benjamin Harrison of Indiana by a vote of 233 to 108. Cleveland received a majority of the popular vote that year, nevertheless, Levi P. Morton of New York was elected vice president.

Cleveland came back in the election of 1892 and defeated Harrison by a vote of 5,556,018 to 5,176,108. Adlai E. Stevenson of Illinois was elected vice president that year.

With Malice Toward None

By Henry James

Looking Ahead

How widely known to fame John Garrigue may be is something outside the information of the writer, but the reputation of the gentleman deserves a considerable word.

Mr. Garrigue says that the present republic is to disintegrate before the next generation's arrival, and to be replaced by a new republic on the Pacific coast. The future of the world for the next thousand years, he says, is to be controlled by the same coast.

Probably a desire to get in on the ground floor was the reason Mr. Garrigue honored the region by his presence, coming to it with the intention of dominating its lumber and oil interests, as well as its finances and politics. This was evidenced by his wish to have the republic started right.

Meanwhile the republic as it now stands becomes closer knit, the several interests mentioned decline to accept the control of Garrigue, and the new generation ambles in this direction with every chance of finding Uncle Sam at the old stand.

The joke seems to be on Mr. G.

To a Critic

Sorry you didn't like the poem. Didn't like it myself, but thought your judgment would be better.

Ex Post Facto

They're talking of cutting the word "obey" from its place in the marriage pact. Yet many believe it's already been cut, if judged by the way they act. And consider that change at this late day would legislate "after the fact."

Easy

Auto thieves are getting five years now.

The auto represents the horse of a few years ago, and they used to hang horse thieves.

America's punitive system leans toward clemency.

Comparative

Peary has retired from the Maine senatorship race.

So much easier to make a successful run for the north pole.

Encouraging Them

Portland's city council passed a special ordinance in order that Margaret Sanger, lecturer on birth control, might be thrown into jail.

That's right, gentlemen. Butt your ivory domes against a stone wall, a process that makes the best possible use of brains of a certain quality.

Compensation

Of course it is irritating not to get the exact news of what happens in Mexico as soon as it happens.

Yet what a boon to some correspondents, who may now sit at their typewriters and record a lot of things that don't happen.

Bad Advice

All Mexicans are advised by their government to return to their native country.

Far safer here so long as they behave themselves. Better chance for a job, too.

Useless Luxury

In connection with the death sentence of Sir Roger Casement came the announcement that he was not to be accorded the privilege of being hanged with a silken rope, such hanging de luxe, it appears, being alone the prerogative of a peer.

However, this phase of the melancholy matter is a trifle, as the extra comfort of the suspended peer must be regarded as approximating zero in the promotion of joyousness.

Finely Arrayed

"My love is dressed in sunbeams," sings a western bard.

Probably poetic reference to the lady's coat of tan.

It would seem from some accounts that the navy lacks every essential but one.

There is plenty of water.

"Russians give no quarter"—Headline.

Indeed? The task of butchering the hundreds of thousands of prisoners taken lately must add considerably to the camp chores.

Try this on

GOVERNOR JOHNSON ON PREPAREDNESS

The editor of the Register heard Governor Johnson's speech at Blanchard Hall in Los Angeles Saturday, and was pleased to note that the heartiest and most spontaneous applause given the governor was when he spoke of a big vital issue.

"I am for national preparedness," said the Governor—"a preparedness sufficient to protect our citizens and to preserve our nation from invasion and aggression. I am not only for this sort of preparedness, but I am equally for the preparedness necessary for both peace and war; THAT PREPAREDNESS WHICH BEGINS WITH SOCIAL HEALTH, WITH SOCIAL JUSTICE, WITH SOCIAL CONDITIONS WHICH PRODUCE MEN WHO CAN BE GOOD SOLDIERS BECAUSE THEY HAVE HAD A FAIR CHANCE TO BE GOOD AND CONTENTED CITIZENS."

The Governor reached his climax with tremendous force, and was greeted with great applause.

Sitting beside the editor of the Register was a man wearing a G. A. R. button. "That's it," he said, "that's it; the preparedness that doesn't rest on that foundation will be as a house built upon the sand."

"You know," continued the Governor, "you and I are the pioneers of preparedness. You hear much of preparedness today. We were the ones who understood and who saw and who realized that a nation such as ours is best prepared in peace and for war BY PREPARING ITS MEN AND ITS WOMEN AND ITS CHILDREN AND GIVING THEM A SQUARE DEAL."

THE NEXT SENATOR

(FROM THE STOCKTON RECORD)

By agreeing to accept election to the United States Senate Governor Hiram W. Johnson has cut the gordian knot of uncertainty in California politics.

His candidacy assures the permanency of the Progressive movement in California, preserving its distinctive state autonomy and assuring to it the leadership of an invincible chief.

Governor Johnson has never lost a fight where his personal candidacy was definitely fixed in the popular mind.

Entering the last campaign as the nominee of a minor party, in point of registration, he piled up nearly 200,000 majority against the same forces that will be arrayed against him in the Senatorial contest.

In the coming campaign he will stand as the one rock against which the divisions of sentiment on presidential candidates will break and settle in friendly accord.

California has a character peculiarly its own. Without provincialism or any lack of national patriotism, it has always maintained its state pride and independence. This peculiar sentiment will work for the governor distinct and above the push and pull of national party alignments. Then, too, Hiram W. Johnson stands unique among public men in the nation. He has wrought his work at home. He has fought the home boss in his lair. Long distance fighting and pussy-footing on home issues may be the stock in trade of insincere and timid public men, but the governor has the courage of his convictions in direct and personal contest with home-grown evils. He has fought and won. He has not found the people fickle. He has found them steadfast.

In an hour when the enemies of popular government thought they had him crushed out of the game, he stepped forth and assumed the offensive—assumed it where they least expected it, extricated California Progressivism from the influence of hostile national interests. Taking his cue from no man—not even from those whom he had followed with the devotion of his loyal nature—Governor Johnson came home, and, standing among men and women with whom he had made the good fight, he re-dedicated himself to the cause of Man and Woman. His courage was infectious. When the news spread among the people, they hailed it as the harbinger of victory.

Make no mistake, no man can defeat Hiram W. Johnson for Senator. Like a certain distinguished general of whom it is said that he plans his final victories while on retreat, so Governor Johnson has risen above all adverse influences. He has opened the way for the most impressive victory ever won for the principles of popular government.

DO YOU KNOW—

That it costs from eight to ten dollars to raise a ton of wine grapes which will sell for only six to ten dollars?

Do you know that the State Viticultural Commission reports that two hundred million pounds of grapes were left to rot on the vines last year?

Do you know that it does not pay to raise wine grapes?

Do you know that the great vineyards at Vina, owned by the Stanford University have all been dug out and alfalfa planted instead, because it did not pay to raise wine grapes? Experiments during the past twenty-five years have proven to them that other crops are much more profitable. The writer was a visitor at Vina three years ago and was shown over the great Stanford ranch by an official who said that the vines that their 3000-acre vineyard did not pay expenses.

In the San Joaquin Valley fruit trees

are being planted and wine grape vines have been taken out.

Do you know that it would mean dollars to cents if all the wine grapes were replaced by table and raisin grapes?

Do you know the howl about "saving the vineyards" is all a fake on the part of the liquor dealers' association?

Total prohibition would not destroy a single profitable grape vine in California.

It is not the vineyards that are at stake; it is the saloons and breweries. It is a question of whether clean, healthy boys and girls are an asset to the nation or whether drunkards and white slaves pay best.

ORPET TALES MEN
ACQUIT YOUTH
OF SLAYING

WAUKEGAN, Ill., July 17.—William Orpet, the university student charged with murdering Marian Lambert, a high school girl and his former sweetheart, was found not guilty Saturday night by a jury in Judge Donnelly's court after five hours' deliberation.

The jury retired at 2:50 o'clock. At 6 o'clock its members were taken to dinner at a boarding house where they spent half an hour.

One hour later came the flash that a verdict had been reached.

The defendant, as usual, was seated between his mother and Mrs. Edwin Taylor, his landlady at Madison, when the jury filed in.

Orpet was silent through excess of emotion.

James H. Wilkerson, chief of counsel for the defense, stated that in his opinion Orpet had been more than declared not guilty.

"He was proved innocent," said Mr. Wilkerson. "He is going home with his mother now. Then he is going into the country for a much-needed rest."

The defendant, his father and mother, his brother, Mrs. Taylor and intimate friends made their way into the witness room where their privacy was safeguarded by a bailiff.

Half an hour later they emerged. "We'll go home now, William," said Mrs. Orpet, and they made their way down the back stairs and to the jail.

SENATE AGREES UPON
AUG. 19 ADJOURNMENT

WASHINGTON, July 17.—Democratic Senators in caucus passed a resolution favoring adjournment of Congress not later than August 19, and recommending that the legislative program be so arranged as to permit of adjournment by that date. The steering committee was authorized to arrange a program under which as much pending legislation as possible can be disposed of. The resolution adopted sets forth as being most urgent and deemed necessary for first consideration the following measures:

Appropriations. Shipping bill. A revenue bill. A workmen's compensation bill. A corrupt practices bill. A Philippine bill. A Civil War and American soldiers' pension bill. A bill enlarging the Interstate Commerce Commission.

In the event the child labor bill and the immigration bill cannot, in the judgment of the steering committee, be disposed of in time to permit adjournment by August 19, an agreement is to be made, if it can be urged, for the consideration of and a vote on such measures during the month of next December.

The steering committee was authorized to change the order of consideration of the bills given precedence in the resolution when for any reason such a change becomes necessary for the expedition of business.

CUDDLE DOON

By Alex Anderson
"The bairnies cuddle doon at nicht,
Wi' muckle fauch an' din;
'O, try an' sleep, ye waukife rogues,
Your father's comin' in."
They never heed a word I speak;
I try to gie a frown.
But aye I hap them up an' cry,
'O, bairnies, cuddle doon."

Wee Pamie wi' the curly hair—
He aye sleeps next the wa',
Bangs up an' cries, 'I want a piece'—
The rescal starts them a'
I rin an' fetch them pieces, drinks,
They stop awae the soun',
Then draw the blankets up an' cry,
'Noo, weanies, cuddle doon."

But ere five minutes gang wee Rab
Cries out, frae 'neath the claes
'Mither, mak' Tam gie over at ance,
He's kiltin' wi' his taes."
The mischief's in that Tam for tricks,
He'd bother half the toon;
But aye I hap them up an' cry,
'O, bairnies, cuddle doon."

At length they hear their father's fit,
An' he steeks the door,
They turn their faces to the wa'
While Tam pretends to snore.
'Hae a' the weans been guld?' he asks,
As he pils off his shoon,
'The bairnies, John, are in their beds,
An' lang since cuddled doon."

An' just afore we bed oorsels,
We look at oor wee lambs;
Tam has his arm roun' Rab's neck,
An' Rab his arm roun' Tam's,
I lift wee Jamie up the bed,
An' as I straik each croon,
I whisper till my heart fills up,
'O, bairnies, cuddle doon."

The bairnies cuddle doon at nicht
Wi' mirth that's dear to me;
But sun the big war's cark an' care
Will quaten doon their glee.
Yet, come what will to lika ane,
May He who sits aboon
Aye whisper, though their pows be
bauld,
'O, bairnies, cuddle doon."

CHILDREN'S PARTY

Miss Bernice Palmer Celebrates Birthday With Company of Friends

A merry children's party was held Saturday afternoon at the residence of Mr. and Mrs. F. E. Palmer, 121 South Birch street, when their daughter, Bernice, celebrated her eleventh birthday. A birthday cake decorated with eleven candles decorated the center of the table and games were enjoyed.

Those present were Master Freddie Burlew, Master William Palmer; Helen Battey, Elizabeth K. Mathews, Elizabeth Baker, Marian Preston, Bernice Palmer, Hazel Palmer and Alma Ashabraner, who served the smaller children ice cream, cake and candy.

Benefit Dinner

Visitors from the country coming in town Wednesday morning to shop or attend the Chautauqua will find an excellent dinner awaiting them at G. A. R. Hall on East Fourth near French street, where the ladies of three patriotic societies have combined their efforts to raise a fund for urgent needs of some families of the boys of Company L. The entire proceeds of the dinner will go into this fund.

A woman who had been a "war widow" during the great rebellion, said to the writer:

"Don't I know what it means to have a husband in the army and four little children to care for for four years and seldom a remittance from him, as that soldiers had to use much of their scant pay for absolute needs to keep from suffering. It means privation, distress, and toil, loneliness, heartache, fear, and sometimes hunger for those left unprotected for as we were then. Those who refuse to help the 'war widows' of today should themselves go to the firing line and send the fathers of helpless families home. But it always happens that the ones who shout loudest for war manage to keep out of the trenches."

Young Campaigners' Day

The Belle Rogers W. C. T. U. will meet Tuesday afternoon at 2 o'clock in Armory Hall on Birch street, near Fourth. It will be Young Campaigners' Day, the object being to organize

and drill the children so they may take part in the Chautauqua children's parade next Friday morning at 10 o'clock. Children belonging to Sunday schools and other temperance organizations are urged to come and join in this demonstration for California Dry. Be at the Armory promptly at 2 o'clock Tuesday afternoon and learn the new songs and yells, which delight the hearts of girls and boys and show the older people what a power for good the boys and girls can wield when trained for useful service.

A surprise is in store for every child who takes part in the exercises.

LOOKING AFTER DETAILS

It's just as necessary to be careful about shirts, neckties and socks as a suit.

We buy our stock of haberdashery with one big idea in mind—to offer the public a wide variety of high class merchandise at the most reasonable prices possible.

Moreover, we don't stop at this. With us a customer is a customer, whether he wants a pair of socks or a twenty-five dollar suit. And all our customers are treated alike.

Don't overlook the little things—they help to make the big ones.

FORMER RESIDENT KILLED WHEN HE IS DRAGGED BY HORSE

News that Walter Williams, formerly of Santa Ana, was dragged to death by a horse on July 1 was received here today in a letter from Mrs. Williams to E. L. Peacock. Williams lived here six or seven years, and while here was employed as a pipe-fitter by the gas company. He left about two years ago. He has been living at Korbels, near Eureka.

Williams was alone when he was killed. His horse appeared at the gate riderless. Williams' body was located beside the road. His skull was fractured.

TAKE AN EIGHT-CENT RAISE TO MEET THE BONDS-INTEREST

County Auditor Jerome has been figuring out what money will be needed during the present fiscal year in order to meet the payments that will come due for bonds and interest. The result of his calculations is that it will take eight cents more on the tax rate for that item than the same item called for last year.

Last year there was \$40,000 premium received from the sale of good roads bonds that was turned upon the payment of the bonds due last year. This year no such sum is available. It will all have to come from this year's taxation.

Jerome's figures show that \$53,000 must be raised for paying off the various bonds of the county that fall due, and \$65,250 must be raised for interest, making a total of \$118,250. In order to have money on hand to make a payment in September of next year, Jerome calculates upon about \$7500 additional being needed under this year's levy. The tax rate for bonds and interest last year was 17 cents on the \$100 valuation. This year it will be 25 cents. The figures are some that cannot be gotten away from. The supervisors have no option but to put on the levy.

ENTHUSIASM FOR CHAUTAUQU MOUNTING

(CONTINUED FROM PAGE 13)

sides, "I should like to hear every single program."

Long before the time set for the opening program, nearly every seat was filled and it was necessary to provide many more for the evening.

Schildkret's orchestra gave the musical part of the program, "The Rosary" being the opening number, San Schildkret, director and flutist, standing in the aisle to play the solo part and slowly advancing to the platform. The beautiful number opened the hearts of all and was most heartily applauded. Who is there that will ever tire of "The Rosary?"

There was that magnificent favorite, "The Poet and Peasant" march by Suppe, some Hoffman music and that lovely old melody "Silver Threads Among the Gold," for the older folks and "I Love You Truly," for the younger ones and some popular airs like "The Little Spark of Love," "Still Burning" and "Chinatown." You know the contagious swing of those rag melodies. A medley of such old hymns as "Onward Christian Soldiers," "How Firm a Foundation," and "Nearer My God to Thee" closed the delightful program.

Then came a fine lecture by George W. Aydelott, who was given a good "send off" by J. B. Teagarden, the manager of Chautauqua here. Mr. Aydelott's topic was "The Man of the Hour." His picturization of the man

of the hour in its pathos brought tears to the eyes of even strong men, in whose orbs tears are a rarity and in its wit made men and women shake with laughter, while the truths were soaking in.

The man of the hour, said Aydelott, is not a gentlemanly dude walking down the street with an eyeglass stuck in his face, dressed to kill, knowing all the etiquette of the table and the parlor, but the man in overalls, who can lean with tenderness over the cradle of a babe or stoop down to give his hand to lift out of the mire some weaker and unfortunate brother. Manners and etiquette are two very different words.

Mr. Aydelott is a staunch believer in the "Big Brother" movement and from modest allusions to his work along that line, has probably put numbers of stars in his crown, by helping boys to become men of the hour.

On Saturday evening the Hungarian orchestra repeated its program, but occupied the entire evening, playing many request numbers, which were thoroughly enjoyed. One of the gems of the evening was the playing of "The Mocking Bird," the director taking the instrument from the violinist. Yesterday afternoon the Schubert artists, with the soloists, Madame Trevette and Signor Mario, gave a fine program, followed by a sermon-lecture by Mr. M. D. Hardin, an excellent talker on "Cross Roads Civilization," which really was about preparedness. The speaker urged that the United States become the apostle of peace, instead of raising the cry of preparedness and instead of becoming the "peace setter" be the "peace setter" for other nations to reach the highest military state. There is no country which has the means and material to become better prepared in a military way than the United States.

The speaker gave many statistics to prove his points and also told many awful incidents to show the horrors of war. He paid high tribute to Woodrow Wilson for keeping the country at peace, but flayed Roosevelt for his militaristic arguments.

SIX ADMITTED TO PRIVILEGES AS AMERICANS

Incidental to the admission to citizenship of a class of six applicants by Superior Judge Thomas this morning, there was held today a program which, so far as is known, is unique in the history of the country.

It was "Naturalization Day." The program had been arranged by Judge Thomas, and he had invited to take part all the citizens who had been naturalized since his elevation to the bench, although with the exception of those admitted to citizenship this morning, all had been admitted by Judge West. About thirty of the new citizens accepted the invitation, and a large number of other citizens took part in the ceremonies.

The court room of Department 1 was filled with citizens of both sexes when court convened. Preparatory to examining the class of applicants Judge Thomas called attention to the solemnity of the occasion, and said that in view of the fact that this celebration of Naturalization Day was the first that he knew of in the country's history, he hoped that it would be a notable one.

The applicants for citizenship were Nik Suttora, native of Austria, and a resident of Newport Beach; Donald McDonald, native of Scotland, and a resident of Orange; Albert Philemon Carl Gutzmann, native of Canada and a resident of Anaheim; Henry Dtalor Kemme, native of Germany and a resident of Newport Beach; Mrs. May Basten, native of England and a resident of Placentia; Joaquin Queirel, a native of France and resident of Placentia.

The applicants were examined carefully and at great length by Judge Thomas, particular attention being given to their knowledge of the government of the United States, and to the question as to whether in case of hostilities between the country of their nativity and this country, they would stand firm with the government of their adoption. All of these questions were answered to the entire satisfaction of the court.

Some of the questions and answers during the course of the examination were very interesting as revealing the viewpoint of these foreigners toward the country which they proposed to adopt. The first applicant examined was Nik Suttora, who has been a fisherman at Newport Beach for fifteen years. Asked what induced him to apply for citizenship he said: "I like this country and its government."

"Who rules here?" asked Judge Thomas.

"The people," was the answer. "Do the people have the same chances, the same opportunities, in Austria, that they do here?" "No; they do not," was the reply. Donald McDonald, who was born in Scotland, but came here from Canada in 1905, said he had made application because he wanted to be a citizen of the country in which he made his home, and would like a vote in the affairs of that country. He said he had read the Constitution of the United States and the Declaration of Independence.

"What do you understand by the statement in the latter document that all men are born equal, and are entitled to certain inalienable rights?" asked the judge.

"It means that every man has an equal chance, and that it is up to the man himself to make good."

"And you do not think that such is the case in the old country?" "No; not as it is here."

Albert P. C. Gutzmann, who came here from Canada, his native country, said he thought the government of the United States superior to that of England. It came out that he has a father and several brothers in Canada.

Judge Thomas asked Gutzmann the question which was put to all the applicants: "Suppose that there should arise a difference between this country and England, and after we had exhausted all efforts toward a peaceful settlement it became absolutely necessary to take up arms—where would your allegiance be?"

"With the United States," was the reply.

"And suppose that you took up arms

WHAT CALIFORNIA FOLKS SAY.

Pasadena, Cal.—"I want to extend to you my heartfelt thanks for the benefits derived from the use of your medicines, also for the kind and good advice obtained. I am a proud mother."

"I had been a great sufferer; three times I was given up to die—the last time being four months ago. I doctored with several doctors but obtained no relief. Was told that an operation would effect a cure, so I submitted to one, but this proved, like all the medicines I had taken—not beneficial. I obtained, and started at once taking 'Favorite Prescription.'"

"Four months ago the doctors and nurse said it would be a year or more before I would be able to do my housework, and, of course, I thought so myself as I was not able to walk across the floor for several weeks. I am now able to do all my housework and to care for my children and I do not feel as though I could ever thank you enough for the benefits I have received.—MRS. MABELLE KIPP, 184 South Pasadena Ave.

The New Discovery for Kidneys, Rheumatism and Backache.

Send 2 cents with name of this paper, to Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a large sample package of "An-kidney." It will convince any one suffering from kidney, bladder, backache, that it is many times more active than lithia, and dissolves uric acid in the system, as hot water melts sugar; besides being absolutely harmless, it preserves the kidneys in a healthy state by thoroughly cleansing them. It clears the heart valves and checks the degeneration of blood-vessels and regulates blood pressure.

MAE MURRAY, LASKY-PARAMOUNT STAR.

"I suppose it's quite true that I've danced myself to fame," said Mae Murray a few days ago when she was back on Broadway for a few weeks after having spent months at the Lasky Studio in California starting in Paramount Pictures. "When I saw the bright lights the first night, it took me back to the days when my name was in the lights, when I was taught save a dancer. But there's nothing more pleasant than pictures, even though the work is hard. I love to dance, but I love the pictures more."

News From Co. L

NOGALES, July 14.—We faced the doctors for examination. At this time we do not know how many of the boys passed or how many did not pass. It has been hot all day and being examination day the boys have had things pretty easy. We will know in a couple of days what the result was.

Yesterday was a big storm day in camp. Captain McBride and his aides with men of all companies were ushered up to the mountain to build a diversion dam. Men were out in the rain in bare feet, some only in underwear. It did not take very long for the water to be turned.

Talk about feeds! We certainly had one today. It consisted mainly of steaks, beans and ice-cold lemonade made from the lemons shipped from Santa Ana. They are greatly appreciated. They come in pretty nice on the hot days. The lemons arrived in fine shape.

The "housewives" shipped to the men by the Daughters of Veterans were received and distributed to the men yesterday afternoon. The men appreciate the "housewives" immensely.

Private Newton received a box of fruit, walnuts and other things yesterday.

Privates Holt and Mackey of Company L have been transferred to the wagon train. The men were the first to be signed for the division. Holt and Mackey are to be congratulated on their new job. Company L men are frequently picked on for good jobs. They selected two good men in Holt and Mackey.

Sergeant Chet Stearns monopolized all the mail today when he received twelve letters and post cards. It is rumored that the Sergeant will have a birthday in a couple of days.

Admiral Billy made so much noise last night that the guard had to come and have some one give the goat a little exercise. The job fell to Private Chas. Stearns.

Lieutenants Holceman and Ford, with the rest of the officers, were out with rifles this morning receiving instructions in bayonet exercise.

The company boys are all in good spirits and send greetings to the people of Santa Ana.

PRIVATE F. H. MITCHELL, NOGALES, Ariz., July 13.—It still rains a little, but we had short drill

for the United States, and in the heart of battle you should see your father or one of your brothers fighting in the ranks of the enemy, would your allegiance to this country be strong enough for you to take a shot at him?"

"It would," was the firm reply. All the six applicants passed the tests satisfactorily, and to each was administered the oath of citizenship. Following this Judge Thomas delivered to them an address on "The Dignity of American Citizenship." This address will be published in full in the Register tomorrow. At the conclusion of his address the judge presented to each of the new citizens a silk American flag.

At 12:30 a "Naturalization Day" banquet was held at Elks' hall, with a large attendance both of newly-made citizens and of representative men and women from Santa Ana and other sections of the country. Judge Thomas presided and talks were made by F. P. Clarkson, editor of the Blade; Rev. J. A. Stevenson, S. M. Davis, Father H. Emmelen and J. P. Baumgartner, editor of the Register. Reports of these addresses will be given tomorrow.

Why Take A Gambler's Chance with Your Money

Don't you know that almond growing is one of the easiest, quickest, most profitable (if you select the right locality) orchard crops in the state of California?

Do you know that according to Government reports, our consumption of nuts is increasing 15 per cent per annum? That 85 per cent of the almonds we consume are imported from Spain, Italy and France? That California produces 98 1/2 per cent of all the almonds produced in the United States?

Do you know the almond territory is more limited in area than that of the English Walnut and that Paso Robles Almonds were awarded the Gold Medal and a Bronze Plate for quality at the St. Louis Exposition? Don't you know that the TEMPLETON-PASO ROBLES district is being recognized as the coming almond district of the State? That many, many thousands of trees are being set out in this territory? In fact there is an almond boom here.

Would it interest you to know that young orchards there are producing \$50.00 per acre in their third year?

Let me tell you more about the almond, because you can't get the ALMOND STORY IN A NUT SHELL!

Then there are so many other interesting facts about the Templeton-Paso Robles country that you should know, that I am sure if you drop me a one cent postal with your name and address plainly written the booklet I will send you will give you much valuable information.

WAIVE M'BRIDE DEFICIENCY, IS PLEA SENT TO WASHINGTON

Santa Anas Wire Solons to Use Influence With War Department Heads

"Will do what I can to have McBride retained."
That was the wording of a telegram received by J. P. Baumgartner today from Senator John D. Works, in response to a wire urging the Senator to use his influence to have Capt. J. L. McBride's disqualification waived.

Captain J. L. McBride, being one of seven members of Company L, now stationed at Nogales, Ariz., lost to the Seventh Regiment after the disqualifying examinations were held, concerted efforts are being made by his relatives and friends in this city to have the authorities at Washington waive the disqualification and have Captain McBride continue in command of the local militia company.

The news that Captain McBride had been disqualified on account of being under weight and because of an eye blemish, was contained in a telegram sent by him to Col. S. H. Finley, here. The following telegrams were sent to Washington yesterday:

Hon. William Kettner,
House of Representatives,
Washington, D. C.

Captain J. L. McBride, Company L, Seventh California Infantry, from this city, located Nogales, disqualified on account slight physical defect eyesight and weight, citizens and parents having sons in company object to it being placed in command of another captain and earnestly urge superior officers exercise discretion allowed by secretary of war in such cases and waive deficiency. Use your best efforts with department there.

H. C. HEAD,
Chairman Democratic County Committee.

WALTER EDEN,
Chairman Republican County Committee.

Z. B. WEST,
Judge Superior Court.

J. C. BURKE,
Assemblyman.

J. C. METZGAR,
Secretary Chamber of Commerce.

A. J. VISEL,
Mayor.

CLYDE BISHOP,
S. H. FINLEY.

Hon. John D. Works,
Senate Chamber,
Washington, D. C.

McBride, captain Santa Ana Company L, National Guard, disqualified at Nogales account eye blemish. Whole community join request use your influence secure waiver disqualification by commanding officer, per his discretionary power. McBride exceptionally capable officer and fine man. Families of men his company exceedingly anxious he retain command.

J. P. BAUMGARTNER.
In all 110 Seventh Regiment members were disqualified for various reasons. That this will make a large hole in the different companies is certain and those of the men who have some slight defect that can easily be cured will, from reports, be sent to the casualty camp at San Antonio, Tex., for the period of five weeks and than put through the examination again.

Members of I. K. L. and M. companies composed the Third battalion of the Seventh have heard that they are to be transferred to Bisbee, Ariz., the middle of next week.

AT THE COURTHOUSE PETITIONS OUT AS COMMITTEE NOMINEES

Republicans and Prohibitionists Have Tickets in Circulation Here

A number of petitions for making nominations for membership on county central committees were taken out this morning, and others will be taken out this week.

Attorney S. M. Reinhaus is circulating a petition for the nomination of R. Y. Williams, Walter Eden, T. E. Stephenson, J. E. Liebig, Dr. R. A. Cushman and Cecil Dubois as Republican county central committeemen from Santa Ana. R. E. Larter wanted G. W. Moore of Wintersburg to become a nominee for the Republican central committee from that section, but Moore took out nomination papers to get Larter's name on the ballot.

The Prohibitionists include the names of N. H. Leonard, W. T. Mitchell, T. L. Bundy, John Michelson and J. W. Vawter in a list of nominees for their central committee.

Names Appraisers
R. P. Mitchell, A. R. Hervey and J. N. Anderson have been appointed to appraise the estate of John S. Mitchell.

IN THE JUSTICE COURT FIGHT WITH KNIVES, LIQUOR THE CAUSE

Yesterday at Westminster Antonio Ayala and Julio Corcu did their best to kill each other. The best that Sheriff Jackson and his deputies got out of the story is that Ayala had been drinking. He became angry at Corcu's wife, and knocked her down. Ayala and Corcu fought. Corcu was taken to the hospital with a bad cut on the head, and Ayala was put in jail after a wound on his face had been dressed.

The sheriff destroyed a bush of marijuana, a Mexican dope weed, found growing in Corcu's yard.

REDDING, July 17.—Three men were killed and three injured when the tank of a gas welding apparatus exploded in the machine shop of the Mountain Copper Mine, at Keswick. Fire followed the explosion, but the flames were extinguished before they had taken hold seriously. The dead:

E. R. Smith, machinist.
Frank Roppcoll, machinist.
J. E. Simmons, a fisherman.

Three other men were more or less seriously hurt.

An overcharge of oxygen was believed to have caused the explosion.

VAIN FIGHT FOUGHT BY FATHER TO SAVE BOY FROM DROWNING

LOS ANGELES, July 17.—A father's love, which quickened the wits of Dr. T. Fervial Gerson, Hollywood physician, and called to his mind the most scientific medical methods, was not enough to save the life of his son, Gerald, 14 years old, after the boy had been rendered unconscious in the surf near the Long Wharf at Santa Monica yesterday afternoon. Dr. Gerson, assisted by Dr. G. C. Hunter and Dr. G.

Jerco, Life Guards Benniger and Moore and Police Sergeant Clarence Webb, worked over the boy for more than four hours. A pulmonologist was employed, but young Gerson could not be resuscitated.

MAN, UNDER SENTENCE OF DEATH IN KANSAS, APPEALS TO WILSON

WASHINGTON, July 17.—Robert Stroud today appealed to the President to save him from the gallows. He is under sentence to hang at Fort Leavenworth Friday. There has not been an execution in Kansas for many years. The appeal may save Stroud's life and also save Kansas from having an execution on its own soil.
